

WEST ASHTON VILLAGE HALL – SUPPLEMENTARY HIRE CONDITIONS

These conditions apply when the hall is being used for dog training.

1. The paragraph referring to dogs in the hall in the main contract/conditions is cancelled and replaced by the following.
2. The floor must be totally covered with an impervious membrane at all time to prevent any contamination of the wood floor.
3. Dogs are not allowed in the bar, toilets or kitchen areas under any circumstances.
4. The membrane covering the floor must be rolled up and removed from the hall, making every effort to ensure that animal hairs etc do not fall on the wooden floor.
5. You must provide your own mop and you must dry-mop the whole of the wooden floor prior to leaving.
6. If there are any “accidents” within the hall they must be cleaned immediately and deposited in an appropriate container in the dog bin on the front wall of the hall – NOT in the dustbin. The area must be washed with a disinfectant that has been previously approved by the booking secretary.
7. The hall must be left in a perfectly clean condition which meets the standards set by the hall committee – basically a clean hall which would meet the highest health and safety standards.

Failure to comply with these conditions could result in the cancellation of the remainder of the contract.

I agree to abide by the above additional conditions at any time I hire the hall for dog training.

Signed Date.....

(A copy of these conditions is supplied for your files. Please return this copy to the Bookings secretary along with your main contract and conditions.
